

# IMPORTANT NOTICE

All vendors must be set back at least five (5) feet from a public sidewalk or public street. This requirement is necessary due to the anticipated crowds for the planned events and in the interest of public safety.

Please be advised that the Town Police officers have been instructed to enforce this rule. Any vendor violating this regulation will be subject to the penalties allowed by State Law and the Hillsville Town Code.

As always, the safety of those attending our events is our main concern. We look to our property owners to partner with us to ensure that vendors are aware of and comply with this requirement.

Thank you for your support in this requirement.

Town of Hillsville
